As we plan for the summer in response to the COVID-19 pandemic, we have had to consider how and if the High School Academy could operate while maintaining the health and safety of its participants.

In line with Woodbury’s mission, vision, and core values, the High School Academy is a program that provides high school students the opportunity to explore a discipline of their choice while taking a college course for college credit. In addition, the High School Academy was designed for students to physically attend the Woodbury campus in order to get the full experience of studying on a college campus and being part of the campus community.

As our state begins to slowly reopen, our primary concern is the safety of each student, staff, and faculty member. While there are no known cases of COVID-19 within the Woodbury community, we have decided to cancel this year’s High School Academy. This decision was not reached easily, as this is always an exciting time of the year when Woodbury opens its doors to high school students and provides them with an unforgettable summer experience.

While we are taking a brief sabbatical this summer, the High School Academy will return in the summer of 2021. We hope you will be able to join us next year. Should you have any questions, please feel free to contact Edward Rivas at Summerprograms@Woodbury.edu or (818) 252-0729.

We appreciate your understanding during these uncertain times. We hope that you and your loved ones stay safe and healthy.
